

JANUARY - Walk your dog month

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
		1 New Year We wish you a happy New Year!	2 Vaccination Prevention is better than cure. Regular #vaccination help improve #AnimalHealth and reduce bacterial infections, meaning vets can ensure good stewardship of precious tools like antibiotics. https://resources.animalhealtheurope.eu/resource/1041	3 Walk your dog month January means it's #WalkYourDog month! Taking your dog on walks is really beneficial for their health: It's a healthy daily exercise Reduces boredom Reduces chances of destructive behaviour Helps them maintain a healthy weight	4	5
6 One Health #OneHealth is the recognition that animal health, human health and our shared environment are part of a deeply interconnected system. What affects one will ultimately affect the others. https://resources.animalhealtheurope.eu/resource/968	7 MorethanMedicine video How can we produce safe, good quality food, more sustainably? We have some ideas! Watch this to find out #FoodSustainability #MorethanMedicine https://resources.animalhealtheurope.eu/resource/841	8 Pet Power Did you know? Being a dog parent may help suppress the onset of disabling #dementia in older adults! A study of 11,000+ pet owners highlights the powerful connection between #PetPower and healthy aging. (PetAlliance Healthy Ageing card 02)	9 Improved animal health Better animal health = A healthier world By protecting #AnimalHealth we can help ensure a more #sustainable, healthier world. https://resources.animalhealtheurope.eu/resource/1243	10 Pet Care Think your dog might be a little overweight? Taking them on walks is a great way to help them exercise and burn the extra calories! Remember to always ask your vet for advice on your dog's ideal weight & dietary needs. https://resources.animalhealtheurope.eu/resource/719	11	12
13 Food Safety Improving farm animal health helps improve both #FoodSafety and food quality. How? Read this https://resources.animalhealtheurope.eu/resource/1607	14 Pet Power Pets are good for our hearts #PetPower Check out what this Polish review of studies found (PetAlliance Heart Health card 02)	15 MorethanMedicine video How can the #AnimalHealth sector support #PetPower? Not just with medicines, but with our #MorethanMedicine solutions! Supplements Vaccines Diagnostic tools https://resources.animalhealtheurope.eu/resource/842	16 Sustainability How can healthy animals contribute to sustainability? We have some ideas https://resources.animalhealtheurope.eu/resource/1322	17 Pet Care We have 10 tips for good health for your pet Share with other pet parents & friends https://resources.animalhealtheurope.eu/resource/723	18	19
20 Blue Monday Having pets in our lives has many #MentalHealth benefits Here's one example (PetAlliance Mental Health card 02)	21 Vaccination No one wants to get sick, so we all take measures to remain healthy. The same applies for #AnimalHealth! Farmers work alongside vets to keep their animals healthy, because prevention is better than cure. https://resources.animalhealtheurope.eu/resource/1221	22 Pet video Did you know that 50% of European households own a pet? Pets have become part of our families and their #PetPower improves our lives https://resources.animalhealtheurope.eu/resource/649	23 Innovation New technologies are changing our world in many different ways. And that is also true for #AnimalHealth https://resources.animalhealtheurope.eu/resource/1404	24 Pet Care Every pet parent wants to keep their pets and their homes protected from #parasites. We have a few tips to help you there For more advice on how to protect your furry friend, ask your #veterinarian. https://resources.animalhealtheurope.eu/resource/1283	25	26
27 Pet Power Having a pet has a positive impact on #ChildDevelopment! This study shows just one of the benefits of #PetPower (PetAlliance Child dev card 01)	28 MorethanMedicine video How is innovation in #AnimalHealth helping farmers take better care of their animals? We have a few examples! #MorethanMedicine https://resources.animalhealtheurope.eu/resource/1396	29 Animal Health #AnimalHealthMatters and here's 5 reasons why https://resources.animalhealtheurope.eu/resource/1622	30 Antibiotics Want to learn more about #antibiotic use in animal health? Check our trends report to learn how innovation & responsible practices are reducing the need for antibiotic use while protecting #AnimalHealth and welfare. Read more: https://animalhealtheurope.eu/resources/trend-reports/trends-in-animal-antibiotic-use/	31 Pet Care Thinking of bringing a pet into your life? We can help you make an informed decision! https://resources.animalhealtheurope.eu/resource/908
